

Enterprise Architecture Review 2026

Page 1

Section 1.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 1.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 1.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 1.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 1.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 2

Section 2.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 2.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 2.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 2.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 2.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 3

Section 3.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 3.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 3.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 3.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 3.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 4

Section 4.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 4.1 describes deployment, security, monitoring, compliance and operational procedures.

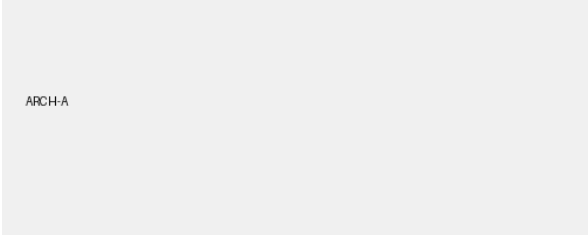

Section 4.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 4.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 4.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 5

ARCH-A

Section 5.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 5.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 5.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 5.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 5.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 6

Section 6.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 6.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 6.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 6.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 6.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 7

Section 7.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 7.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 7.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 7.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 7.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 8

Service	SLA	Owner
API	99.5%	Platform
DB	99.9%	Infra

Section 8.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 8.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 8.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 8.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 8.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 9

Section 9.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 9.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 9.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 9.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 9.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 10

Section 10.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 10.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 10.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 10.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 10.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 11

Section 11.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 11.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 11.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 11.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 11.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 12

Section 12.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 12.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 12.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 12.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 12.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 13

Section 13.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 13.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 13.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 13.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 13.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 14

Section 14.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 14.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 14.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 14.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 14.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 15

Section 15.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 15.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 15.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 15.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 15.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 16

Section 16.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 16.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 16.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 16.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 16.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 17

Section 17.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 17.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 17.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 17.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 17.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 18

Service	SLA	Owner
API	99.5%	Platform
DB	99.9%	Infra

Section 18.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 18.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 18.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 18.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 18.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 19

Section 19.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 19.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 19.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 19.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 19.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 20

Section 20.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 20.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 20.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 20.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 20.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 21

Section 21.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 21.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 21.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 21.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 21.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 22

Section 22.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 22.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 22.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 22.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 22.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 23

Section 23.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 23.1 describes deployment, security, monitoring, compliance and operational procedures.

Section 23.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 23.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 23.4 describes deployment, security, monitoring, compliance and operational procedures.

Enterprise Architecture Review 2026

Page 24

Section 24.0 describes deployment, security, monitoring, compliance and operational procedures.

Section 24.1 describes deployment, security, monitoring, compliance and operational procedures.

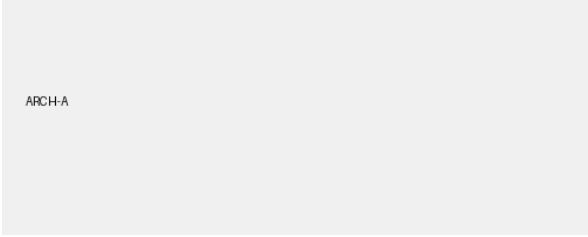

Section 24.2 describes deployment, security, monitoring, compliance and operational procedures.

Section 24.3 describes deployment, security, monitoring, compliance and operational procedures.

Section 24.4 describes deployment, security, monitoring, compliance and operational procedures.
